GEORGE ENGELMANN PAPERS

British Museum
16 Sept 1869

My dear Sir,
With this I post my
first memoir on our British
Fossil Coniferae -

I regret that my copy
of Mr Murray's tract which
you wanted to see has been
bound with other pamphlets
into a volume - Other wise
I would have sent it to you.
It is "Reprinted from the Pro-
ceedings of the Royal Horticultu-
ral Society 1863" - I hope you
will be able to refer to it
I am sorry that you
